

BIOGRAPHY

I am an experienced and highly motivated video editor with a strong technical background. I have completed work for a wide variety of high-profile international clients including Facebook, Legal & General, Shelter, Colgate, 38 Degrees, Cancer Research UK, P&G, Teva, Wildcat, Happn and the NHS. Additionally, I am an Adobe certified associate in Video Communication using Premiere Pro, and I also have an extensive knowledge of Adobe After Effects.

EXPERIENCE

• VIDEO EDITOR

Freelance | Jul 15 - Present

I have completed work for a wide variety of clients including both corporate edits and short films. I have taken on a wide variety of projects with responsibility for:

- Working both individually or as part of a creative team to take projects through to completion
- Taking control and managing projects for clients to achieve an innovative and exciting final video product
- Editing using Adobe Premiere Pro CC and Adobe After Effects CC
- Handling footage in a wide range of formats including H264, ProRes and 4K R3D
- Using LUTs and colour correction techniques to grade footage
- Working to tight deadlines and delivering completed projects to a very high standard

• FILMMAKER

Streaming Well | Oct 16 - Jan 18

In this role I was responsible for managing the entire video production process, from pre-production and filming, right through to post-production. My primary responsibilities included:

- Working closely with clients to ensure we delivered upon their creative vision
- Managing both the in-house post-production team and external freelancers to make sure we produced innovative and engaging video content
- Pre-production responsibilities including creating shot lists/call sheets, hiring and preparing filming equipment and liaising with studios/crew
- Filming using a wide range of DSLR/Mirrorless cameras including Sony A7S and Canon 7D
- Filming in studio environments and also in a wide variety of locations in both Europe and the United States
- Being a complete self-shooter and managing both the lighting and audio set ups on set
- Handling and transcoding of footage in a wide range of formats including H264, MOV and ProRes
- Completing edits to a professional standard using Adobe Premiere Pro CC
- Colour grading of completed edits using LUTs and other colour correction techniques
- Graphic, lower third and overlay design using Adobe Photoshop CC
- Creation of lower thirds and motion graphics using Adobe After Effects CC
- Management of a wide variety of online video platforms including YouTube, Vimeo, Wistia etc
- Management and production of live online video broadcasts using the Livestream video platform

• VIDEO/CONTENT DEVELOPER

Healthcare Learning | Apr 13 - Oct 16

In this role I was responsible for producing video content for e-learning programs. I was the sole member of the in-house video production team and managed the entire video production timeline
